Mrs. Eunice Rudisill Coe, wife of W. H. Coe, died on Saturday at the home of her parents, Mr. and Mrs. Charles Rudisill, of Gettysburg, after being seriously ill for the past two months. It is thought she never fully recovered from an attack of influenza of about three years ago and that the tubercular peritonitis causing death was in part the result of previous illness. She attended the Gettysburg High School and was in her 25th year. She was married in February of this year. The funeral was held on Wednesday, with services by her pastor, Rev. J. B. Baker, and interment in Evergreen Cemetery.

Little, former postmaster at Idaville, for many years widely known through the county, died last Friday morning at the home of his sister, Mrs. Levina Group, Idaville, with whom he had made his home for the past four years. Leakage of the heart was the cause of death. He was aged 73 years, 10 months and 23 days. Mr. Little served as the postmaster of Idaville through the administrations of McKinley, Roosevelt, Taft, and Wilson, retiring from the position four years ago when his wife died. He was the son of the late Amos and Hannah Little. For twenty-six years he conducted a warehouse business in Idaville. He is survived by one sister, Mrs. Levina Group.

Ottwell Arter, of near Hartman's Mill, along the Abbottstown pike in Berwick township, died last Friday morning from heart trouble aged 55 years, 2 months and 21 days. His parents were the late Uriah and Lucinda Arter. He was a widower. Surviving him are two sons, George and Charles at home. He was a farmer by vocation. Funeral was on Monday, services by Rev. Paul Gladfelter of the Abbottstown Lutheran Church, and Rev. Dr. F. S. Lindaman, of Christ Reformed Church near Littlestown, with interment in Mt. Olivet Cemetery, Hanover.

Mrs. Christianna Pisel Taylor, wife of H. H. Taylor, died at her home, Aspers, R. D., Monday afternoon, aged 64 years and 9 months. Mrs. Taylor is the last surviving member of family of Hezekiah and Mary Pisel, of Bendersville, where she was born and raised. She was a member of the Bendersville and Wensville Methodist churches since girlhood and was an active worker

during her lifetime. Besides her husband she is survived by the following sons and daughters: Mrs. Edward Fohl, at home; Mrs. Harry Snyder, of Gardners, and Aaron Taylor, of Aspers. ## Must License Your Dog Before Jan. 1

Adams County's supply of dog license tags and blanks for 1922 have been forwarded to County Treasurer Roy E. Zinn and the license fees can be paid at the treasurer's office and the new license tags secured any time after next Monday. There have been 3,500 individual license tags and 50 kennel tags forwarded to the County Treasurer's office and it is believed that this number will supply the demands for Adams county for the coming year.

Last year there were 2,800 licenses issued in Adams county while the county paid out nothing in claims for loss or injury of sheep, poultry and live-stock. The Bureau of Animal Industry of the Pennsylvania Department of Agriculture has been designated as the agency for the enforcement of the new dog law which becomes effective on January 15, next, and under the provisions of which the new licenses are being issued. Officials of the Bureau will co-operate with the local police in an effort to see that every dog in the county is properly licensed.

Under the provisions of the "Dog Law of 1921" every owner or keeper of a dog six months old or over must secure a dog license on or before January 15, 1922.

Application for such license may be made direct to the County Treasurer or through any Notary Public, Justice of the Peace, Alderman or Magistrate of the district where such owner or keeper resides. Application forms are furnished by the County Treasurer to such officers.

The license fee is uniform throughout the State, with the exception of cities of the first and second class, \$1.10 for each male or spayed female dog, and \$2.10 for each female dog.

The County Treasurer is allowed a fee of 10 cents for each license issued whether the application is made direct to him or through the local officer.

Where the application is made through a local officer an additional fee of 15 cents is allowed for the service of such officer in preparing the application and forwarding same with license fee to the County Treasurer. Must also be enclosed where application is mailed the County Treasurer.

Where it is inconvenient for an applicant to call personally at the office of the County Treasurer and such applicant desires to secure the license direct from the County Treasurer, he can secure an application blank from the County Treasurer, prepare the same and mail it with the required fees and return stamped envelope direct to the County Treasurer.

Indemnity blanks for reporting damages to livestock and poultry done by dogs can be secured from the County Treasurer and also the Bureau of Animal Industry of the Department of Agriculture Harrisburg, Pa.

## Judge McPherson Presides at Trial

Judge Donald P. McPherson specially presided in the Oyer and Terminer Court at City Hall, Phila., last week and this week. He was the trial judge in the case of Com. vs. Policeman William Drennan, charged with murder in the second degree for the killing of Patrick Joyce, Jr., 23 years old, on Sunday, May 8 last. The jury returned a verdict of voluntary manslaughter, carrying a maximum punishment of 12 years. Much feeling developed in the closing day of the trial, when Assistant District Attorney Fox declared the boy was shot in back and the policeman had a club, a blackjack and a revolver in his breaking up of a ball game, and the boy had nothing. Immediately following the verdict, motion for new trial and an arrest of judgment was made and Judge McPherson will return at early date to hear this motion.

## THE FOUR POWER TREATY

**SIGNED AT WASHINGTON DECEMBER 13.**

**Foreign Entanglements a la Four Instead of Forty-eight Powers.**

On Tuesday, Dec. 13, 1921, the four Powers, United States, Great Britain, France and Japan, signed the following treaty, to go to U. S. Senate for ratification when President Harding shall see fit to send it:

**ARTICLE I.**  
The high contracting parties agree as between themselves to respect their rights in relation to their insular possessions and insular dominions in the regions of the Pacific Ocean.

If there should develop between any of the high contracting parties a controversy arising out of any Pacific question and involving their said rights which is not satisfactorily settled by diplomacy and is likely to affect the harmonious accord now happily subsisting between them they shall invite the high contracting parties to a joint conference to which the whole subject will be referred for consideration and adjustment.

**ARTICLE II.**  
If the said rights are threatened by the aggressive action of any other power the high contracting parties shall communicate with one another fully and frankly in order to arrive at an understanding as to the most efficient measures to be taken, jointly and separately, to meet the exigencies of the particular situation.

**ARTICLE III.**  
This agreement shall remain in force for ten years from the time it shall take effect, and after the expiration of said period it shall continue to be in force subject to the right of any of the high contracting parties to terminate it upon twelve months' notice.

**ARTICLE IV.**  
This agreement shall be ratified as soon as possible in accordance with the constitutional methods of the high contracting parties and shall take effect on the deposit of ratifications, which shall take place at Washington, and thereupon the agreement between Great Britain and Japan which was concluded at London on July 13, 1911, shall terminate.

Following is the text of the reservation note, prepared by the American delegates and accepted by the other powers:

In signing the treaty this day between the United States of America, the British Empire, France and Japan, it is declared to be the understanding and intent of the signatory powers:

1. That the treaty shall apply to the mandated islands in the Pacific Ocean, provided, however, that the making of the treaty shall not be deemed to be an assent on the part of the United States of America to the mandates and shall not preclude agreements between the United States of America and the mandatory powers, respectively, in relation to the mandated islands.

2. That the controversies to which the second paragraph of Article I refers shall not be taken to embrace questions which according to principles of international law lie exclusively within the domestic jurisdiction of the respective powers.

Washington, D. C., Dec. 13, 1921.

## Adams Co. Helping Mt. Alto Soldiers

About two hundred and fifty World War veterans are quartered in the hospital buildings at Mt. Alto and are cases needing constant medical attention and supervision. These boys need diversions and entertainment. The Red Cross of Adams and Franklin counties have been appealed to in the matter. The Gettysburg Red Cross Home Service immediately submitted the matter to Albert Lentz, Post and Auxiliary and at once they generously responded with a complete set of electric lights for the soldiers' Christmas tree. The High School children have raised enough subscriptions to four magazines for the coming year. Miss Moore, teacher of Table Rock school, volunteered an entertainment with refreshments on Valentine Day. Other schools intimate that they are formulating plans. The Gettysburg Band will likely give the boys a concert.

## Loss Appropriations.

Auditor General Samuel S. Lewis has ruled that nearly one hundred appropriations passed by the Legislature can not be paid because they are for sectarian purposes. In a number of cases the question has been referred to the Supreme Court for decision. Among the institutions losing their appropriations are the Paradise Rectory near Abbottstown and the Hoffman Orphanage in Mt. Joy township near Littlestown.

## DR. J. BRUCE McCREARY.

**Addresses the Parent-Teachers' Association.**

On last Friday evening Dr. J. Bruce McCreary addressed the Parent-Teachers' Association on the Health of the Town. He declared that a malaria breeding mosquito was breeding in the lowlands and swamps about the town and that Gettysburg must get busy and clean up to prevent an epidemic of malarial fever. He called attention to the outbreaks of typhoid fever at various points in the State due to early summer drought and immunization of soldiers wearing off, 90 per cent of typhoid fever comes from milk. He told of the diphtheria menace in McSherrytown and the good work of all local authorities to stamp it out and that the death rate due to the free use of antitoxin furnished by the State, had been greatly reduced. The checking of this disease can be accomplished by prompt diagnosis, isolation of the suspect and the inoculation with antitoxin. Dr. McCreary gave assurance of the State aid by advice and in other ways to get rid of trouble affecting the health of the town, and the problems associated with the keeping of hogs within the borough limits the sewage disposal system, the garbage can nuisance, the milk supply and water control. He strongly advised co-operation with State health officers.

Dr. Geo. D. Stahley spoke on health topics and that the hospital should be used for the prevention of disease as well as the cure.

C. A. Heiges, president of the Association read the annual report of the finances of the organization. A balance of \$9440 was in hands of the treasurer.

A report of the Visiting Committee to the schools was made by Mrs. N. L. Minter.

## Must Have License to Fish.

The Resident Fisherman's License Law which was approved by the Governor the 16th day of May, 1921, becomes effective the 1st day of January, 1922, and provides that all citizens of the State of Pennsylvania (male or female) over twenty-one years of age must take out a license to fish or angle in any of the waters of this Commonwealth or in the waters bounding or adjacent thereto.

These licenses can be secured from the County Treasurer of any county, or the Department of Fisheries, Harrisburg, Pa., upon the payment of one dollar (\$1.00) for each license, together with the cost of Treasurer's fee, if secured through him. In applying for license the applicant must give name, residence, occupation and age. The act provides that for violations the fine is twenty-five dollars (\$25.00) and the Department of Fisheries will endeavor to enforce the same.

All persons who are interested in the propagation of fish and the purification of the streams are urged to take out license by January 1st as the appropriations received from the last legislature by the Department of Fisheries were only sufficient to operate all branches of its work until January 1, 1922.

## New Uncle Sam Thrift Security.

Secretary Mellon on Tuesday introduced to the public a new type of thrift security. The new issue of Treasury savings certificates which will begin December 15, are to be offered in denominations of \$25, \$50 and \$100, maturity value. They are to be issued on a discount basis, as in the past, but are offered at flat prices instead of at prices increasing from month to month. Their purchase prices until further notice, will be \$20 for the \$25 certificates, \$80 for the \$100 certificates, and \$800 for the \$1000 certificates.

The \$25 certificate bears the portrait of Theodore Roosevelt, the \$50 certificate that of Washington and the \$1000 certificate that of Lincoln.

The certificates will mature five years from date of issue. If held to maturity, the new securities will yield interest at the rate of 4 1/2 per cent a year, compounded semi-annually. They are redeemable before maturity at the Treasury Department, and in that case yield interest at about 3 1/2 per cent a year, compounded semi-annually. They are to be issued only in registered form, to protect against loss and theft.

The twenty-five-cent thrift stamp and the \$5 war savings stamp will be discontinued, effective December 31, but the stamps outstanding will be accepted at face value for the new certificates or will be redeemed at face value.

# for Christmas Shoppers

**Almost Everything in the Store Has a Quality That Makes It Servicable for Christmas Remembrances**

While we provided largely, it has been very carefully done.

We do not sell tawdry nor tinsel merchandise. We aim to have every article to be such as will fulfill the customer's expectation for the money paid for it.

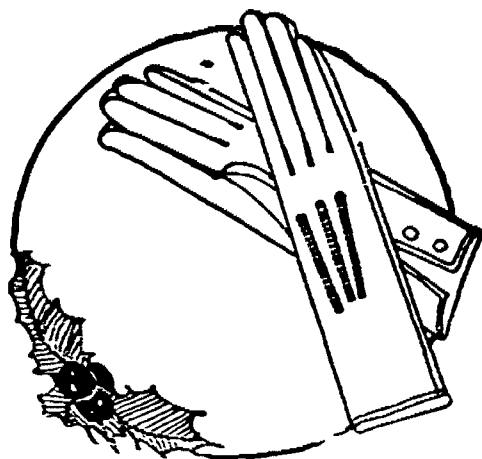

In almost every case, prices are lower than last year. We do not say everything, but wherever it is possible to have lower prices, the public may be sure that they are so adjusted. We are aiming at a lower basis of costs in all our purchases, that we may be able to make lower selling prices.

There are no urgencies here to any one to buy, except as they need; nor are there any baits or hodge-podge inducements to make people come in with a hope of selling them something when they come.

This Store is first for its patrons and afterward for its owners. By mutual co-operation it improves somewhere everything.

## PEACE ON EARTH.

The vision of Woodrow Wilson of a Treaty of Peace and League of Nations is beginning to be realized by a four-power treaty, a proposed nine-power and five-power treaties and while these may be "good enough" while there is of them and enough of them such as they are yet the people of the country will recognize that any four, five and nine power treaty is an appropriation of the vision of the vision of Woodrow Wilson by the Republican party.

The Republican party in the campaign of last year had no vision, and its candidates either could not or would not tell what they stood for. They were solely after the offices, and having them, proceeded to appropriate the Wilson garb and vision.

While after the offices they hollered at Wilson as to League of Nations, "no surrender of sovereignty" to foreign nations, yet the first act of the Washington Conference is a surrender of the right to knock the chip off the shoulder of the other nations, even for any good cause, for four nations shall first consult as to the "most efficient measures to be taken." Another senseless yell was "foreign entanglements," quoting George Washington and the outcome of the Washington Conference is a four-power alliance with foreign nations as to dealing with insular possessions and dominions of the Pacific Ocean, to be followed by a nine-power alliance dealing with China and a five-power alliance providing for the limitation of armament and a ten year naval building prohibition.

"Good enough such as they are," but a poor excuse for not going into a forty-eight power alliance and impressing upon all nations the American vision of peace, of justice and good will to the end of preventing war. The difference between a four-power alliance and a forty-eight power alliance may be only the difference between twideldum and twideldie, but America having lost the moral leadership of the world in not keeping faith according to the plighted signature of Wilson, can not regain that leadership now by political grand larceny of visions. The result, however, is far better than the previous spectacle of American manhood exhibited in the U. S. Senate.

## Two Day Xmas Holiday

Christmas falls on Sunday and by the law Monday, December 26th, will be a legal holiday.

To a greater extent than usual Christmas Eve will be observed as part of the holiday period. For many it will be a three-day holiday, for more a two-and-one-half day celebration and for practically everybody at least two days.

Banks and practically all business houses will be closed Monday.

The extra day or days will add much to the enjoyment of the greatest festival of the year.

## DOES YOUR BACK ACHE?

It's usually a sign of sick kidneys, especially if the kidney action is disordered, passages scanty or too frequent. Don't wait for more serious troubles. Begin using Doan's Kidney Pills. Read this Gettysburg man's testimony.

John H. Waddle, 704 S. Washington St., says: "I was all out of fix six years ago with disordered kidneys. I was out a lot in damp weather and as a result had a pretty hard time of it for a while with my back. Darting pains caught me right across my hips and half the time I didn't know how I was going to get out of bed, my back was so sore and lame in the morning. My back gave out all together when I started to lift anything. My strength left me after working only a little while and my kidneys were so affected that the secretions were thick and poorly colored. I was feeling all out of trim when a druggist in York, Pa., recommended Doan's Kidney Pills to me. A couple boxes of Doan's eased up the pains in my back and restored my kidneys to normal." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SCHIFFMANN'S CATARRH BALM

## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. The inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Catarrhal deafness is caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Write for free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

# There's a new joy in giving this year Because your money buys so much more

Our store is brilliant with the gifts that fill every department, and there is new delight in selecting holiday remembrances when one can choose articles of so much greater worth than heretofore, and pay no more for them. Then those who have found Xmas such a tax on them in the past will discover that very much less money will provide the supply of gifts that will gratify them and make their families and friends happy for the Great Occasion.

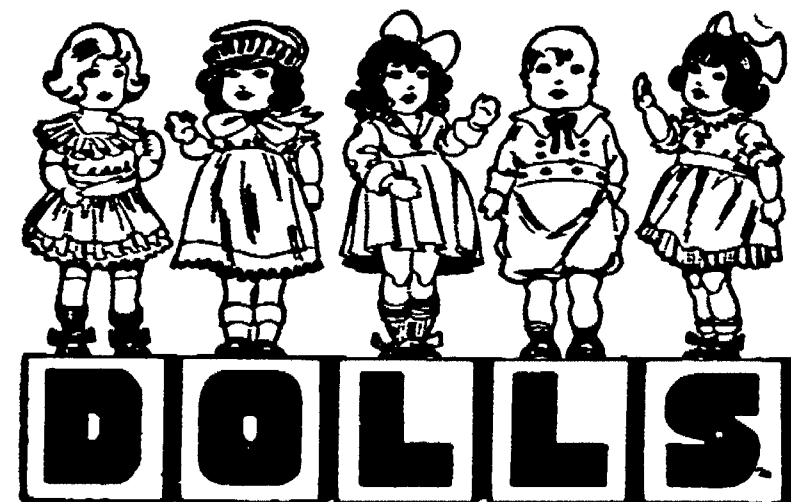

We have a large display of new toys with plenty of room for the little folks to come in throngs to see them. Don't wait, for the busy, tiresome days near Xmas, when we will have so much less to show you and so much less time and opportunity to serve you satisfactorily. Come and bring the children now, while everything is here, displayed to its best advantage, easy to see and select, comfortable for the children, too.

# CHRISTMAS CAROL

Music and Song Always Associated With the Yuletide.

Original Sacred Character of Carols Was Almost Lost Sight of in Thirteenth Century.

MUSIC and song have always been associated with Christmas. In Roman Catholic countries as early as the Third century, it became the custom to usher in the Christmas festivities with musical masses.

The practice of singing carols or canticles was supposed to recall the "In Excelsis Gloria" of the angels and the song of the shepherds on the first Christmas night.

A very old carol, published in 1521, gives an amusing description of church revelries:

A wooden child in clouts on the altar sat,  
About the which both boys and girls do  
dance and timely let,  
And carols sing in praise of Christ.  
The priests do roar aloud!  
And round about the parents stand  
To see the sport, and with their voice  
Do help them, and with hand.

At first, carols were generally religious in character, and were written with Latin and English words in alternate lines, or with a Latin refrain. The well-known carol

When Christ was born of Mary free  
In Bethlehem, that fair city,  
Angels sang with mirth and glee  
In Excelsis Gloria,  
and another with a chorus,  
Christus natus hodie  
The babe, the son,  
The holy one  
Or Mary,

are good examples of this class.

When the tendency to ribaldry became marked, some of the carols got to be very peculiar in subject and language. Joseph is treated with a great want of respect, for one carol runs:

Joseph was an old man,  
An old man was he,  
When he wedded Mary,  
The Maid of Gallilee.

Another relates the story of the shepherds watching their flocks by night:

A shepherd upon a hill he satt,  
He had on him hys tabard and hatt,  
Hys tarbox, hys pipe and hys flaggatt;  
Hys name was called Joly-Joly Watt.

Having been informed of the birth of Christ, the shepherd sets off for Bethlehem, and on arriving, says:

Jhesu! I off Thee my pype,  
My skyrte, my tarbox and my scrype,  
Home to my fellows now will I skype,  
And loke unto my shepe.

In the Thirteenth century the sacred character of these Christmas songs was almost entirely lost sight of. The Puritan parliament abolished Christmas and carols altogether, but feasting and revelry returned with the Restoration.

Carol singing, which had fallen into disuse, was revived by a collection of carols published by D. Gilbert, in 1822, but caroling, which was formerly ushered in by the chiming of church bells, and the sallying forth of choirs which chanted their way round villages until their throats were hoarse and their noses red from cold and friendly Christmas potatoes, is now almost a thing of the past.—Tit Bits.

## CUSTOMS AND THEIR ORIGINS

Numerous Yuletide Ideas Are Relics of Pagan Observance, Especially Those of Druidism.

MANY Christmas customs are relics of pagan observances, especially those of Druidism, the religious system of the ancient Gauls and Britons. Groves of oaks were their chosen retreat, and today the acorn is found as a Christmas symbol on some Christmas greetings, although it is not used as much as formerly.

Druidism considered mistletoe most sacred, and when growing on an oak tree, parasite as it is, it was cut with a golden knife by a priest clad in a white robe and two white bulls were sacrificed on the spot.

The Yule log in England is a relic of Druidism. Its name is considered a corruption of "wheel log," a wheel in Druidical symbolism typifying the march of the sun. The lighting of the Yule log harks back to the sacred fires kindled by the Druids at mid-winter in the round towers which remain in many parts of Great Britain, Ireland, France and Spain. The use of the Christmas tree has descended from the German Druids. The dressing of the tree with candles and presents was a feature of their mid-winter festival.

Ivy is not used for Christmas decorations, as it was once sacred to Bacchus and constituted almost the sole leafy adornment at the Roman saturnalia. The early Christian clergy desiring to wean the people from their pagan practice as far as possible, forbade the use of ivy, and the precedent still obtains.

In medieval Europe a peacock was the favorite dish for Christmas dinner. After being skinned carefully the bird was cooked. Then the skin with the plumage intact was replaced and the bird served in a manner as nearly as possible resembling real life.

Mince pies are first mentioned in 1596 as in common use at Christmas times. Authorities in the matter then said they might be eaten as early as December 14.
